MASCO'S MEMBER INSTITUTIONS

Sit back, relax and enjoy a chauffeured ride to work. Vanpools provide comfortable, cost-effective transportation for groups of 12 to 15 people. CommuteWorks has arranged with CARAVAN For Commuters, Inc. to coordinate vanpooling service for LMA employees. Vanpools receive preferential parking at no cost, making them convenient and less expensive than driving alone.

Carpooling is the simplest form of ridesharing. Carpools consist of two or more individuals commuting to work the same car so that they can share the driving and/or expenses. Carpools of two people or more are eligible to use the carpool lane on Route 93 into Boston. Carpools of three people or more also qualify for the Massachusetts Turnpike Authority's Carpool Pass which reduces toll prices by 90 to 95 percent.

RideSource, a computerized transportation program, matches LMA employees with other individuals interested in sharing a ride to and from work. RideSource, available through CommuteWorks, provides you with a list of names and phone numbers of other individuals from your area who work in the LMA and have similar commuting hours. For a list of carpools and vanpools, simply complete a registration card and return it to CommuteWorks. By contacting the individuals on your list, you can choose the matches that suit you best.

If a RideSource registration card is not provided with this brochure, please contact CommuteWorks directly (617-732-2796) and one will be sent to you

COMMUTEWORKS

**TAKES
THE WORK
OUT OF
GETTING TO
WORK**

BR A

4833

Getting to your job shouldn't be a job. Leave your car at home and join a carpool or vanpool, ride a bike, use public transportation, or walk to work. Employees who use alternatives to driving alone save as much as 75 percent on their cost of commuting. Make your commute easier on you and your wallet.

CommuteWorks, a service provided by MASCO and your institution, provides information on commuting alternatives for employees of the Longwood Medical Area (LMA). CommuteWorks assists employees in planning their commute to work by informing them on mass transit options, ridesharing, bicycling, and walking.

CommuterWorks, in conjunction with your institution, the MBTA, CARAVAN For Commuters, Inc., and the Boston Transportation Department, provides free commuting assistance to all employees of MASCO member institutions in order to ease the traffic congestion in the LMA.

COMMUTERWORKS SERVICES INCLUDE:

- *Personalized assistance in choosing the most efficient and cost-effective means of transportation for your commute*
- *Mass transit schedules and route information including MBTA rapid transit, MBTA buses, Commuter Rail, MetroBus Shuttles, and Private Bus Carriers*
- *RideSource, a computerized ride-matching system, which assists in the formation of carpools and vanpools.*
- *Information on commuter cost savings such as T-Pass sales, discounts, and subsidies, Massachusetts Turnpike Authority's Carpool Passes, carpool lanes, and free preferential parking for vanpools.*

Let CommuteWorks take the work out of your commute. At the same time you will be reducing traffic congestion and improving the air quality by choosing not to drive alone.

Longwood Medical Area Transportation Map

CHOICES FOR YOUR COMMUTE TO WORK

METROBUS SHUTTLE **M2**

M2-Cambridge Shuttle — Connects Quincy Square (near Harvard Square) and MIT in Cambridge with Harvard Medical School (Vanderbilt Hall) in the LMA. Buses run every 10 minutes during rush hour.
